The Complete Destruction Of My Enemy– New York City

“It will be destroyed, New York has got to go. The bombs are already there, My son, hidden deep underground. The Russians can lay off the evil city any time they want with their submarines deep underwater. New York has got to go– it is wicked before Me, the seat of the Antichrist, the Devil Incarnate. My son, the people of New York are wicked and don’t want Me. They want Satan the Devil and his money supply. Therefore, they shall be destroyed most suddenly as they are going about their business, My son. They have hardened their hearts against Christ and want no part in His Kingdom. Into Hell they shall go, wicked people of the Antichrist, the Devil Incarnate. They will not serve Me, but self, and all their money-making skills put into use. That’s all they care about, their wicked money supply of the Devil. Wicked, useless people– into Hell they shall go forever, My son! Expect it– total nuclear annihilation of the New Yorkers of evil! They must be eliminated, wicked people. I have spoken.”
